

Oral History Transcripts

The list of oral history transcripts gives the names of the persons interviewed, the principal positions held by them during the Eisenhower administration or their personal relationship to Dwight D. Eisenhower as documented by their interviews, accession number of the transcript, the number of pages in the transcript, and the date of the interview. An appropriate notation has been made when a transcript is closed in accordance with the wishes of the donor, or when a donor's advance written permission is needed to use it.
